BACHELOR OF BUSINESS

CRICOS COURSE CODE: 119418H

**Unleash Your Business Potential
with a Degree Designed to Empower
Your Growth and Impact.**

About Our Bachelor of Business

The Bachelor of Business is a forward thinking and dynamic program that will empower you with the skills, knowledge, and mindset required to thrive in today's rapidly evolving business landscape.

Designed to meet the key needs identified by industry and business leaders, this qualification's learning and teaching design will place you at the centre of your learning experience by emphasising active engagement, critical thinking, curiosity, and real-world application.

You'll combine established business principles and practices with innovative, current and upcoming business approaches and skills that will equip you to meet current and future industry demands and take advantage of any future business opportunities.

Key Learning Themes

Data & Analytics

Learn information systems, data representation, and analysis for strategic business decisions.

Logistics & Supply Chain

Study supply chain management, project, and change management concepts.

People

Understand work dynamics, teamwork, and cultural connections to manage teams and partnerships.

Finance

Understand core financial principles and incorporate ESG for sound management decisions.

Marketing

Explore marketing, consumer behavior, and self-marketing to present personal skills effectively.

Sustainability

Solve ethical dilemmas, and explore sustainable operations management and broader sustainability impacts.

Graduate with Transferable Skills in:

- ✓ Collaboration and Teamwork
- ✓ Critical Thinking and Problem-Solving
- ✓ Cultural Fluidity
